MEMORANDUM FOR: Heads of Contracting Activities

FROM: Sarah Green
Deputy Chief Procurement Officer

SUBJECT: FAR Class Deviation (Number 26-05) for FAR Part 47 in Support
of Executive Order on Restoring Common Sense to Federal
Procurement

- 1. Purpose.** This memorandum approves a class deviation to Federal Acquisition Regulation (FAR) Part 47 for purposes of implementing the Federal Acquisition Regulatory Council's model deviation text to FAR Part 47.
- 2. Background.** [Executive Order \(E.O.\) 14275 on Restoring Common Sense to Federal Procurement](#), signed April 15, 2025, mandates a comprehensive review and simplification of the FAR.

The FAR is being updated to:

- Eliminate non-statutory language
- Remove redundant or obsolete language
- Enhance clarity through plain language
- Align with the new FAR framework
- Preserve essential governmentwide acquisition standards

This project is referred to as the Revolutionary FAR Overhaul (RFO) initiative. This initiative will make the FAR more concise, understandable, and focused on core procurement requirements.

- 3. Summary of Changes.** FAR Part 47, Transportation, addresses the transportation policies and procedures applicable to the procurement of supplies. This part addresses the policies applied to transportation, including terms of art that when applied to a contract directly impact the roles and responsibilities of the contract.

The part has been comprehensively revised to improve clarity, consolidate policies, and eliminate outdated requirements. These changes, including the removal of 33 clauses, will streamline the procurement process.

Commercial transportation remains the preferred shipping method.

Statutory requirements retained in the RFO FAR Part 47 model deviation include, but are not limited to, the following:

- 10 U.S.C. § 2631, Preference for United States Vessels in Transporting Supplies by Sea
- 22 U.S.C. § 2353, Shipping on United States Vessels
- 46 U.S.C. § 55305, Cargoes Procured, Furnished, or Financed by the United States Government
- 49 U.S.C. § 10721 and § 13712, Interstate Commerce Act
- 49 U.S.C. § 40118, Government-Financed Air Transportation

- For new solicitations or contracts, when using any provisions or clauses that have been revised, utilize the RFO model deviation language in Attachment 1.
- For open solicitations or awarded contracts, the contracting officer has discretion regarding the need to enforce or amend the provisions or clauses. Note that without some of the removed provisions or clauses, the contracting officer may be required to separately address certain aspects in the contract.
- Contracting activities must review templates and related standard operating procedures to align with this class deviation and remove unnecessary processes and steps.
