Subject: CLASS DEVIATION (CD) in Support of Executive Order (EO) 14275, "Restoring Common Sense to Federal Procurement" - Deviation to FAR Part 16, Types of Contracts

1. Purpose

This Class Deviation (CD) implements the FAR Council's model deviation text for FAR Part 16, Types of Contracts. This action aligns with Executive Order (EO) 14275, "Restoring Common Sense to Federal Procurement," and the Revolutionary FAR Overhaul (RFO) initiative.

FAR part 16, Types of Contracts, clarifies complicated policies and procedures for selecting contract type and gives the acquisition workforce new tools and flexibilities to support the guiding principles for the FAR System. It also simplifies and streamlines ordering procedures under multiple-award contracts, including establishing blanket purchase agreements.

2. Background

EO 14275, signed on April 15, 2025, established a policy that the FAR should contain only provisions required by statute or those essential for sound procurement. To implement this EO, the Office of Federal Procurement Policy (OFPP) is leading the Revolutionary FAR Overhaul (RFO) initiative, supported by the Federal Acquisition Regulatory Council. The initiative aims to eliminate unnecessary regulations and policies across all levels of the federal government.

Further guidance was provided by OMB Memorandum M-25-26, "Overhauling the Federal Acquisition Regulation," issued on May 2, 2025.

FAR Streamlining

As part of the RFO, the FAR will be streamlined to include only statutory requirements. Non-statutory content moved to new buying guides, collectively known as the Strategic Acquisition Guidance (SAG). The Council will first issue model deviation guidance by FAR part, followed by formal rulemaking through the notice and comment process. Agencies have 30 days to issue class deviations based on the model text once released.

A. Streamlining Agency Acquisition Supplements: Agencies must streamline their FAR supplements by removing regulations not based on statute or executive orders and by aligning with the FAR Council's deviation guidance. Supporting policies must also be updated to reflect

these changes. This is an excellent opportunity for NARA to formally publish a streamlined NARA FAR Supplement, ensuring consistency with the new FAR.

B. FAR Buying Guides and Supplemental Companion Guides (CG): As the FAR and agency supplements are streamlined, helpful non-regulatory content will be moved to these new FAR Buying Guides. These guides will offer practical instructions and best practices for implementing effective contracting methods, including those related to competition. The RFO Part 16 model deviation text is a plain language version that will be adhered to by all NARA contracting personnel.

3. Summary of Changes FAR part 16, Types of Contracts, clarifies complicated policies and procedures for selecting contract type and gives the acquisition workforce new tools and flexibilities to support the guiding principles for the FAR System.

Key new improvements and flexibilities for Part 16 include:

- Innovative contract types that empower contracting officers to use novel contract structures. Examples of innovative contract types are expected to be included in the FAR Companion and other strategic acquisition guidance.
- Significant task and delivery order procedure simplification that will help reduce administrative errors, enhance consistency, and streamline the ordering process for both federal buyers and multiple-award contract holders.
- On-and-off ramps to maintain current, competitive, and innovative pools of vendors on multiple-award contracts.
- Blanket purchase agreements are allowed for repetitive requirements under all multiple award contracts, providing consistency with ordering procedures for Federal Supply Schedules.

Statutory requirements retained in the RFO FAR Part 16 model deviation include, but may not be limited to, the following:

- 10 U.S.C. §§ 3321 et seq and 41 U.S.C. §§ 3901 et seq, Specific Types of Contracts
- 10 U.S.C. §§ 3371 et seq, Undefinitized Contractual Actions
- 10 U.S.C. §§ 3401 et seq and 41 U.S.C. 4101 §§ et seq, Task and Delivery Order Contracts
- 41 U.S.C. § 3302, Requirements for Purchase of Property and Services Pursuant to Multiple Award Contracts
- Pub. L. 109-364 Section 814 and 41 U.S.C. § 4711, Linking of Award and Incentive Fees to Acquisition Outcomes

Change	Description
Retained	<ul style="list-style-type: none"> ● 16.001, “Definitions”, is retained without changes. ● All provisions and clauses have been retained (or remain reserved) with no changes except for four noted in the “Moved/Updated” section below.
Moved/Updated	<ul style="list-style-type: none"> ● 16.000, “Scope of Part”, is updated to add an important new sentence: “Except for limited instructions regarding the placement of task and delivery orders, the entirety of this part applies to the pre-solicitation phase and is meant to guide in acquisition planning.”

- Subpart 16.1, “**Selecting Contract Types**”, has been significantly restructured to consolidate policies, emphasize documentation, and provide greater flexibility to contracting officers.
- 16.101(a), “**Policies**”, clarifies that “contract types that promote the best interests of the Government, but are not described in this regulation, are permitted for use in accordance with agency procedures”.
 - This replaces the more restrictive policy in the former 16.102(b), which stated that unlisted contract types “shall not be used, except as a deviation under subpart 1.4”.
 - This update represents a deliberate shift from a restrictive to a permissive framework, **empowering contracting officers** to use novel and innovative contract structures consistent with the “Guiding Principles for the System” in RFO FAR 1.102.
- 16.104, “**Solicitation Provision**”, updates the prescription for using the provision at “52.216-1, Type of Contract”.
 - It has been changed from mandatory (“The contracting officer shall...insert”) to discretionary (“The contracting officer may...insert”).
 - A new Alternate I has been added for use when the solicitation allows offerors to propose an alternative contract type, reinforcing the push for greater flexibility and industry input.
- Subpart 16.2, “**Fixed-Price Contracts**”, **is retained** and streamlined to include updated guidance for ease of the reader.
- Subpart 16.3, “**Cost-Reimbursement Contracts**”, has been substantially streamlined and reorganized by consolidating descriptions and relocating all incentive-based contract types to subpart 16.4, “Incentive Contracts”. This restructuring declutters the subpart by removing redundant text and consolidating guidance for complex incentive contract types.
 - New 16.302, “**Cost contracts**”, and 16.303, “**Cost-sharing contracts**”, are reduced to single-sentence descriptions, whereas the former text included separate subsections for “Description”, “Application”, and “Limitations”.
 - The content for “**Cost-Plus-Incentive-Fee**” (former 16.304) and “**Cost-Plus-Award-Fee**” (former 16.305) contracts has been deleted from this subpart and moved to 16.405 and 16.402-3, respectively.
- Subpart 16.4, “**Incentive Contracts**”, has undergone a complete reorganization to consolidate all incentive-related policies and contract type descriptions into a single subpart. The changes centralize content, particularly for award-fee contracts, to ensure consistent application.
- Subpart 16.5, “**Indefinite-Delivery Contracts**”, has been revised to clearly outline for the acquisition workforce the types of task and delivery order contracts and how to utilize them.
- 16.504-4, “**On-ramps and off-ramps**”, is a new subsection that authorizes “on-ramping” (adding new contractors) and “off-ramping” (removing contractors) from a multiple-award contract during its ordering period.
- The content of the former 16.505, “Ordering”, is now distributed across three new sections:
 - **New 16.506, “Postaward Procedures for Placement of Task and Delivery Orders**”, consolidates the general administrative requirements for contents of orders (formerly in 16.505(a)(7)) and other general post-award rules.

New 16.507, “Additional ordering procedures for multiple-award contracts”, is now the central location for all rules related to the requirement to provide fair opportunity to be considered for orders or Blanket Purchase Agreements (BPA). It is broken down by dollar value and contains the rules for orders below the micro-purchase threshold (MPT), fair opportunity for orders and BPAs above the MPT, exceptions to fair opportunity, brand-name justifications, and the new authorization for BPAs.

- 16.507-2(a)(2), under “**Fair opportunity procedures**”, emphasizes that the contracting officer has broad discretion to develop appropriate order placement procedures and encourages innovative techniques highlighted in the Periodic Table of Acquisition Innovations.
- 16.507-2(c)(3), “**Blanket Purchase Agreements**”, is a new subsection that explicitly authorizes the establishment of BPAs under multiple-award IDIQ contracts to fill repetitive needs, if authorized in the master contract.
 - Note - Contracting Officers must establish ordering procedures in the BPA that ensure BPA holders (but not other multiple-award contractors) are provided the fair opportunity procedures in 16.507-3 through -5.
- 16.507-3 through -5 consolidate fair opportunity procedures and documentation requirements for orders valued above the MPT, above the SAT, and above \$7.5 million (\$6 million prior to October 1, 2025).
- 16.507-4(a), clarifies the requirement to provide **fair notice of intent to place an order** for orders or BPAs valued above the SAT.
- 16.507-5(a) clarifies additional fair notice requirements for orders or BPAs valued above \$7.5 million (\$6 million prior to October 1, 2025) (previously at 16.505(b)(1)(iii)-(iv)).
 - **New 16.508, “Protests of orders”**, consolidates all rules regarding the protest of task and delivery orders (previously at 16.505(a)(10)).
- Subpart 16.6, “**Time-and-Materials, Labor-Hour, and Letter Contracts**” is improved for readability and to provide clarity on these high-risk contract types.
- Subpart 16.7, “**Agreements**”, is updated with structural formatting updates to improve clarity.
- The **following provision and clauses** have been updated to reflect plain language, update cross-references, or to correspond with updates made within the part:
 - 52.216-1 (Provision), Type of Contract
 - 52.216-7 (Clause), Allowable Cost and Payment
 - 52.216-21 (Clause), Requirements
 - 52.216-22 (Clause), Indefinite Quantity
- The **FAR Companion** is expected to include best practice information on the following:
 - Selecting contract types
 - Factors in selecting contract type
 - Guidance when ceiling prices are established for fixed-price contracts with prospective price redetermination

	<ul style="list-style-type: none"> ○ Guidance on cost controls of fixed-ceiling-price contracts with retroactive price redetermination ○ Guidance on when to consider use of a completion or term form of a cost-plus-fixed-fee contract ○ Guidance on application of technical performance incentives ○ Guidance on structuring and applying firm and successive target fixed-price incentive contracts ○ Guidance on application of cost-plus-incentive fee contracts
Removed	<ul style="list-style-type: none"> ● Obsolete American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (ARRA) Provision (from former 16.505(a)(11)): All requirements related to publicizing orders funded by the ARRA have been removed as obsolete.

This table is not an exhaustive list.

4. Instructions

- The NARA acquisition workforce shall follow the RFO Part 16 deviated text instead of FAR Part 16 as codified at 48 CFR Chapter 1. - For open solicitations or awarded contracts, the contracting officer has discretion regarding the need to enforce or amend the provisions or clauses. Note that without some of the removed provisions or clauses, the contracting officer may be required to separately address certain aspects in the contract.
